COMPANY OVERVIEW

Apprenticeship Connections & Consulting Corp. (“Apprenticeship Connections”)

Apprenticeship Connections is an apprenticeship intermediary firm. An apprenticeship intermediary is an organization with the capacity, expertise, and network to help businesses improve their Workforce Development process (recruiting, onboarding, and training by successfully creating, launching, and expanding customized training programs. We advocate for companies & organizations by streamlining the application process, simplifying the onboarding and ensuring long-term program success.

About Michael Todisco

Michael Todisco, CEO of Apprenticeship Connections & Consulting Corp. (“Apprenticeship Connections”), has intimate knowledge and first-hand experience with DOL Registered Apprenticeship Programs. Over the past 11 years, he has helped numerous organizations become a Sponsor, along with overseeing the active development and maintenance of these programs. He has extensive experience with the policies and procedures, along with strong relationships with the DOL and educational institutions to meet the related instruction requirements to keep a program in good standing.

What is an Apprenticeship Program?

Registered Apprenticeship Programs (RAP) is an industry-driven, high-quality career pathway where employers can develop and prepare their future workforce, and individuals can obtain paid work experience, receive progressive wage increases, classroom instruction, and a portable, nationally-recognized credential. Registered Apprenticeships are industry-vetted and approved and validated by the U.S. Department of Labor. RAPs enable employers to access government funding to cover these training costs and provide them access to larger talent pools that have been trained for entry-level to management positions, thereby meeting industry demands and reducing unemployment rates across the country.

■ What We Do?

- Walk you through the benefits and value of this internal training model.
- Streamline the entire process while making it stress-free.

Servicing Contract

Continue to assist with any of the above services during the duration of the contract, which includes any troubleshooting

TOWN OF HEMPSTEAD GRANT INFO

GRANT PURPOSE

Registered Apprenticeship Program Development in Advanced Manufacturing

DESCRIPTION

The purpose of this program is to establish and enhance apprenticeship opportunities in advanced manufacturing by partnering with local businesses. Through this initiative, we aim to address workforce skill gaps, promote career pathways for individuals, and foster economic growth in the community. The selected vendor will collaborate with businesses to develop tailored apprenticeship programs that meet industry needs, ensuring a skilled workforce that supports innovation and competitiveness in the advanced manufacturing sector.

OBJECTIVE

Apprenticeship Connections & Consulting Corp will:

- Build employer relationships in the advanced manufacturing industry.
 - Be the NYSDOL Liaison for businesses in navigating the New York State Department of Labor's (NYSDOL) process for establishing registered apprenticeship programs.
 - Assist in curriculum development for the related-instruction component, including curriculum, training materials, and resources necessary for the apprenticeship.
 - Support businesses in developing training plans for the on-the-job training component, including working with HempsteadWorks' Business Services team and processes.
 - Collaborate with HempsteadWorks to promote apprenticeship opportunities and refer qualified candidates to businesses.
-
